## D) Departmental Activity:

शल्यतंत्रं दुर्लभं हि तदनुशिष्टं च कर्म ।  
अतः शल्यक्रियानुशीलनं च शास्त्रं भिषजां विदुः ॥

This shloka highlights the importance of Shalya Tantra in Ayurveda. It states that Shalya Tantra is a rare and difficult science to master, and only those who are well-versed in its principles and practices are considered true healers. Therefore, the knowledge and skill of performing surgical procedures in Shalya Tantra is essential for Ayurvedic physicians. Taking cognizance of this fact; Bhargava Ayurveda Hospital- under the guidance of our visionary chairman Shri Bharat Patel sir and Principal Dr. Swapnil Padte sir is running a well-established and functional Shalya Tantra department. This department is equipped with

state-of-the-art Operation Theatre for both Major and Minor operatives. Major operative procedures like Fissurectomy with lat. sphincterectomy, Fistulectomy, Haemorrhoidectomy, Pilonidal Sinus excision, Hydrocelectomy, Circumcision etc. are routinely carried out in the OT. Also minor operatives and parasurgical procedures like Lipoma excision, Dermoid/sebaceous/ganglion cyst excision, I&D procedure, ksharsutra ligation, kshar karma, agnikarma, raktamokshana-cupping, leech, venepuncture therapy etc are done on daily basis.

"Renovation is not just about fixing what's broken; it's about creating something better."

-Martin Luther King.

Inspite of the fact that the OT was fully functional-honorary chairman sir strived for excellence. This gave birth to the

intangible idea of OT renovation to improve upon the existing facilities. OT renovation started on January 2023 and got

completed within a span of mere 3 months. From 5th April 2023 multiple operatives were carried

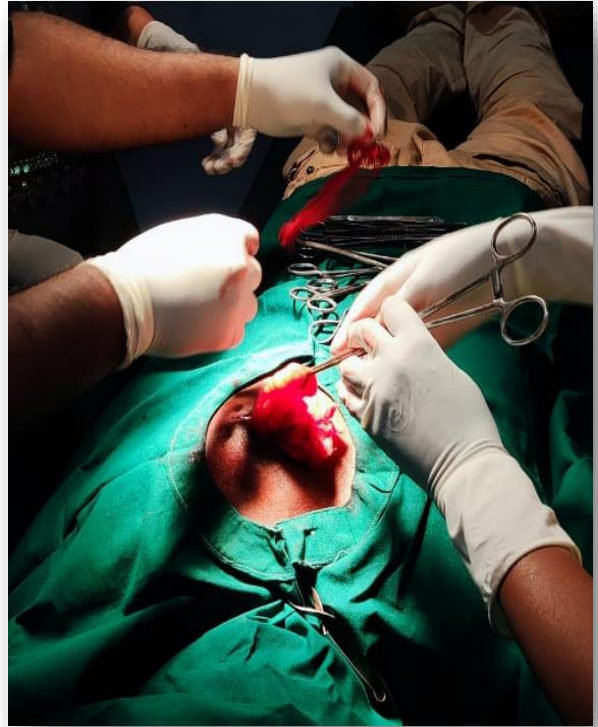

out by Shalya Tantra department marking the beginning of a new start.
